REIKI at Sea!

We are excited to have Pamela Hall aboard to host Reiki introduction workshops throughout the summer! Pamela has been practicing spirituality since 1977.

Reiki is a Japanese technique for stress reduction and relaxation that also promotes healing. It is administered by laying on hands and is based on the idea that an unseen life force energy flows through us and is what causes us to be alive. What better way is there to learn this ancient healing art than floating on water!

You deserve this! Space is limited! Call today for your reservation.
