Sail For Life!

The Benefits of Fall Sailing!

There is nothing like sailing along with a gentle breeze and the sound of the water rippling by. Now you can add the bursts of fall colors from the shore to indulge your visual senses. Fall normally brings crisp air and some wind along with it!

So bring your family and friends out for a sail. Afterwards, there are many restaurant choices to stop for drinks, a seafood lunch, dinner or bring your picnic and sit by the river. Make some memories!

Sailing Around The World On Solar Power!

The original solar circumnavigator. Anthony Howarth first promoted photovoltaic power, pure and hybrid, for transport in 1979 during the second 1970s world energy crisis. In 1986 he first investigated the possibility of a solar circumnavigation, including early designs for the boat and discussions with naval architects.

Winter Charters in the British Virgin Islands!

Where are you vacationing this winter? How about a sailing charter with family or friends? Captain Joy will set up your charter on a boat down island. She will arrange your travel, provision the boat, suggest islands to visit within the BVI chain. All you have to do is show up! The charter is tailored to your needs. The boats can hold four to 10 people.

Joy has been sailing these islands since she was 7 years old! This is a wonderful vacation to sit back and relax or get some good sailing experience. Very reasonable rates! See our website for details.
