

Sail Cuba Now with Joyride Charters and Sailors NYC November 4-11, 2017

On November 5, 2016 twenty women from the Tri-State area embarked on a historical journey: sailing from Key West to Cuba, touring the until-recently-forbidden island, meeting people, experiencing the Cuban culture and traditions and bringing needed donations to the people of Cuba.

It's a fact, Americans have been locked out of Cuba for most of our lifetime. Now is the time to explore this lovely island, her history and her beautiful, happy people (who love Americans by the way)!

We're going back. Be part of the first wave of Americans to see Cuba before it changes. Explore this new and unique sailing destination.

Arrive Havana airport in the morning and depart for Cienfuegos. Along the way we will incorporate a tour (TBD).

In the afternoon we will arrive to our luxury catamaran (our home for the week) fully stocked with provisions. It's from here we start our sailing journey, exploring some of the most pristine cruising grounds in the Caribbean.

Sailors NYC and Joyride Charters work on your behalf to pass along any savings to our guests. If you compare other companies you will quickly see we are almost 1/2 the price for the same yacht, inclusions and itinerary.
